

Dear Kindergarten Parents:

This week in Religion we are continuing our study on how “Light is Good”. We are working on letting Jesus’ light shine through us. In Math we are working on more calendar math and time to the hour. In Reading we are working on our theme called “Wheels Around”. We will study transportation, sound of the letter D, opposites, signs, action words, and the short sound of the vowel I. We have been studying two things in Science over the past week or so. We have studied cycles such as the life cycle of a frog, a butterfly, a plant, and the water cycle. We covered the water cycle quite a bit in our last Reading theme and talked about butterflies with our last Religion chapter. Now we will focus a little more on plants and their parts while reviewing the life cycle of a frog.

Here are my announcements for this week:

- Peace Tee day is THIS Friday, March 26th.
- This Sunday, March 28th, is Palm Sunday.
- Next Thursday, April 1st, is an Early Dismissal day.
- Next Friday, April 2nd, there is no school because it is Good Friday!
- Spring break is from April 5th through April 9th.
- We return on April 12th to a Free Dress day! Please remember TIED TENNIS SHOES on this day!
- Remember, the spelling sheet I send home on Monday is just for your child to study. There is no need to send it back!
- Make sure you are sending sweatshirts and a jacket with your child each day. If we got outside, who knows what the weather will be like!

Thanks always!

Ms. Kelley
