Third Grade Parents and Friends,

There are some important things coming up to keep in mind like:

- In Science we are having a test over thermal energy.
- In Social Studies we are studying San Francisco's geography. We have a project due next Wednesday, the 19<sup>th</sup> of May. See the rubric.
- In Religion we are studying "Mary is the Queen of Earth."
- In Language Arts we are studying irregular verbs.
- In Math, we are going over simplification of fractions.
- We need to have a white tee shirt for track and field day. Please make sure to get a comfortable fitting shirt, not too big, not too small. Write your child's name and grade in the collar.
- Sunday is the Athletic Banquet.
- Father invites you to attend Benediction with us on Thursdays. It starts at 2:30.
- We are running out of wide rule notebook paper and Kleenex. Please send them if you are able.
- We are coming up to the end of the year. Please make sure that all library books are turned in and that any lunch charges are paid.

Sam Smith
